

NOTICE OF OPEN HOUSE
VIRTUAL PUBLIC COMMUNITY MEETING
Caton Mill Battery Energy Storage System

Capstone Infrastructure Corporation (Capstone) is proposing the development of a battery energy storage system (BESS) with a potential capacity of 200 MW in the Township of Loyalist, Ontario.

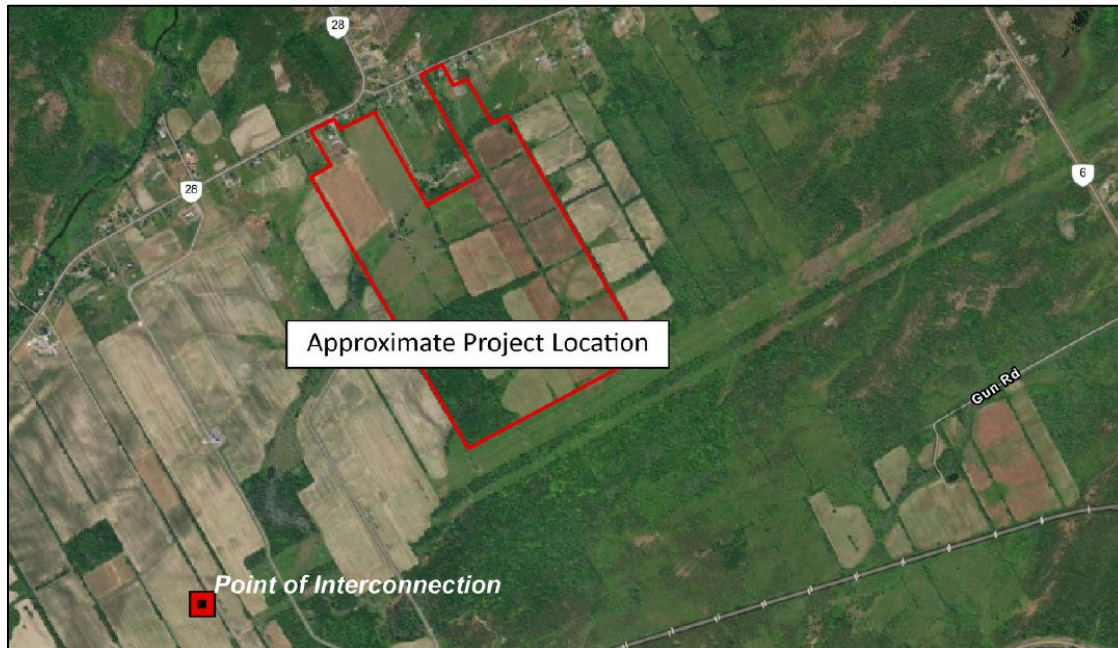

Figure 1 Approximate location of the proposed Caton Mill BESS in the Township of Loyalist, approximately 4km west of Amherstview

We invite you to our Virtual Public Community Meeting to learn more about the Caton Mill BESS project. Should the project be awarded a contract by the Independent Electricity System Operator (IESO), Capstone will work on obtaining all required provincial and municipal permits and approvals while continuing engagement efforts with the community. Please visit our Project website <http://www.catonmillbess.com/> for Project updates and resources.

Virtual Public Community Meeting

Wednesday, November 29, 2023

6:00 PM to 8:00 PM

Please find the link to the virtual meeting and information on dial-in options on the Project website.

This is a drop-in event, no RSVP required. The meeting will be conducted online with a Q&A session where the project team will be available to answer your questions.

We welcome your feedback regarding the Project. If you are unable to attend the Virtual Public Community Meeting, a recording of the meeting will be made available on the Project website. For any questions and/or comments regarding the Project, please visit our Project website or contact us at projects@capstoneinfra.com.
